Funding letter of support

Navigating the rough roads of federal funding can be an imposing task and doing it alone is an even bumpier ride. Q-Free's solution is a collaborative effort to educate, guide, and work with our valued customers to find federal grant dollars to match with your projects and solutions.

We offer tools, resources, experts, team spirit, and all the support you need to make your projects come to life, backed by our industry-leading product and service lines:

- **Q-Flow – solutions to optimize the movement of people, goods, and data**
 - Advanced traffic management systems
 - Highway and corridor management
 - Adaptive signal control

- **Q-Clean – solutions that stimulate sustainable transportation**
 - Bicycle and pedestrian monitoring
 - Weigh-in-motion
 - Traffic counters & classifiers

- **Q-Safe – solutions to improve road and travel safety**
 - Connected intersections
 - Lane closure management
 - Enforcement solutions

We have the comprehensive solutions you need, backed by technology, support, and teamwork. We will always be here for you, finding the path forward together.
